An Amazing Concert

Last month, I went to an amazing concert which was held in Tuen Mun. A few of my friends, including Bernise, were the performers. I went there before the show started so I could wish best of luck to Bernise and the other performers. At first, I was a bit shy to talk to Bernise's friends, but then I got used to them and had a lot of fun.

When the show was about to start, I went back to the audience's seat. I was really excited to watch them performing on the stage. Finally, after a few minutes, the show started and it was more amazing and graceful than I imagined it to be. The first song was *Starships* by Nicki Minaj which I think was one of Bernise's favourite songs, during the song, they did a bit of Hip Hop Dancing which made the audience more excited and the performance more enjoyable after this energetic song, they sang a very calming and beautiful song called *Listen* by Beyonce.

The atmosphere became more sweet and calm. Last but not the least, they sang *Airplanes* by B.O.B. which was an amazing rap song and they made everyone sing along. After the show, we went home together and everyone, including Bernise and her friends, were really happy that the concert was a big success. And for me, I was super happy.
