

My Best Moment at SEKSS (WK)

Writing Competition to Celebrate the 25th Anniversary of SEK School Campus

By Pun Alisha (3A)

One of my fondest memories at SEKSS is the school sports day - a day that truly captures the spirit of our community. As the event approached, a buzz of excitement filled the air. Students, teachers, and parents eagerly anticipated the festivities, all ready to cheer each other on. The sun shone brightly that day, setting the perfect stage for a celebration of teamwork and fun.

I remember standing at the starting line for the relay race, my heart racing with a mix of nerves and excitement. Surrounded by my friends, all dressed in our colourful team uniforms. I felt a surge of energy. When the whistle blew, I took off, sprinting as fast as I could. The thrill of passing the baton to my teammate, with our friends cheering us on, was exhilarating. Each race brought us closer together, and we celebrated every effort, whether we won or not.

After the races, we enjoyed sharing snacks and laughter under the warm sun. It was a time to relax and bond, with everyone swapping stories and cheering for each other's success.

As the day wrapped up, the closing ceremony highlighted not just the winners, but every participant reminding us that effort and sportsmanship matter more than just winning. Walking away from the event, I felt a deep sense of belonging and pride in being part of SEKSS. That day was about more than just sports; it was a celebration of friendship and community, and it's a memory I'll cherish forever.
