

What SEKSS(WK) Means to Me

Writing Competition to Celebrate the 25th Anniversary of SEK School Campus

By Gurung Chhetang (5B)

Attending SEKSS has been one of the best decisions I have ever made. After almost two years, it has become more than just a school—it feels like home to me. SEKSS has shaped both my academic journey and my personal growth. It has given me a platform to develop and has taught me invaluable life lessons that I will carry with me forever.

SEKSS has always felt like a second home, where I have created countless memories with my classmates and teachers. The supportive environment has given me the confidence to express myself and to take risks. The moment I stepped through the doors of SEKSS, I was welcomed with warmth, friendship, and a strong sense of belonging. I am truly grateful for this feeling, as it has motivated me to participate in a wide range of school activities—strengthening my relationships and creating unforgettable memories.

I have learned a great deal from SEKSS. Academically, it has provided me with a solid foundation for my future. The diverse curriculum has helped me explore my interests and discover new subjects that I now feel passionate about. Each lesson is an opportunity not only to learn, but also to grow. Just as importantly, my teachers have played a key role in my education. They always ensure that we understand the material and encourage us to keep going. They are friendly, caring, and supportive. I still remember my first year at SEKSS, when I didn't know many people well and was unfamiliar with the Hong Kong education system. Fortunately, my teachers guided me through everything with great patience, and they genuinely helped me a lot.

SEKSS has also helped shape my character. Our teachers encourage us to view mistakes not as failures, but as opportunities to improve and learn. Through group projects and team sports, I have gained valuable lessons about teamwork and communication. These experiences have created a space where we can share our strengths, thoughts, and concerns without hesitation. I have learned to listen to others and to work together toward common goals.

Looking back on my journey at SEKSS, I feel filled with gratitude. The friendships I have made and the lessons I have learned will always remain with me. What I love most about SEKSS is its lively and welcoming environment—it is truly special to me. I will always cherish the memories and experiences that have shaped who I am today. Overall, studying at SEKSS has been the best thing that has ever happened to me.
