Let's Take Part in Christmas Party!

All teachers and students, do you know Christmas is coming?

In the Christmas party, we can wear our casual clothing, share our favourite food, play games with our friends, and enjoy the talent show as well.

We can take part in the talent show. We can perform a magic show, singing, hip-pop dancing and so on. If you take part in the talent show, you can do whatever you like. But you can't do something boring because the audience will be bored.

We can celebrate Christmas in classrooms too! Your classteacher will play some funny games with you. You can bring your Christmas presents to exchange with your classmates and friends too.

You can play some stall games in the playground, classrooms and the covered playground. There will be a cord for stamp collection counter, if you have ten stamps, you can exchange some food or presents. There are also many funny games we can play.

Hope to see you in the Christmas party, and your wonderful talents on 23rd December.
